

2018 Annual Report

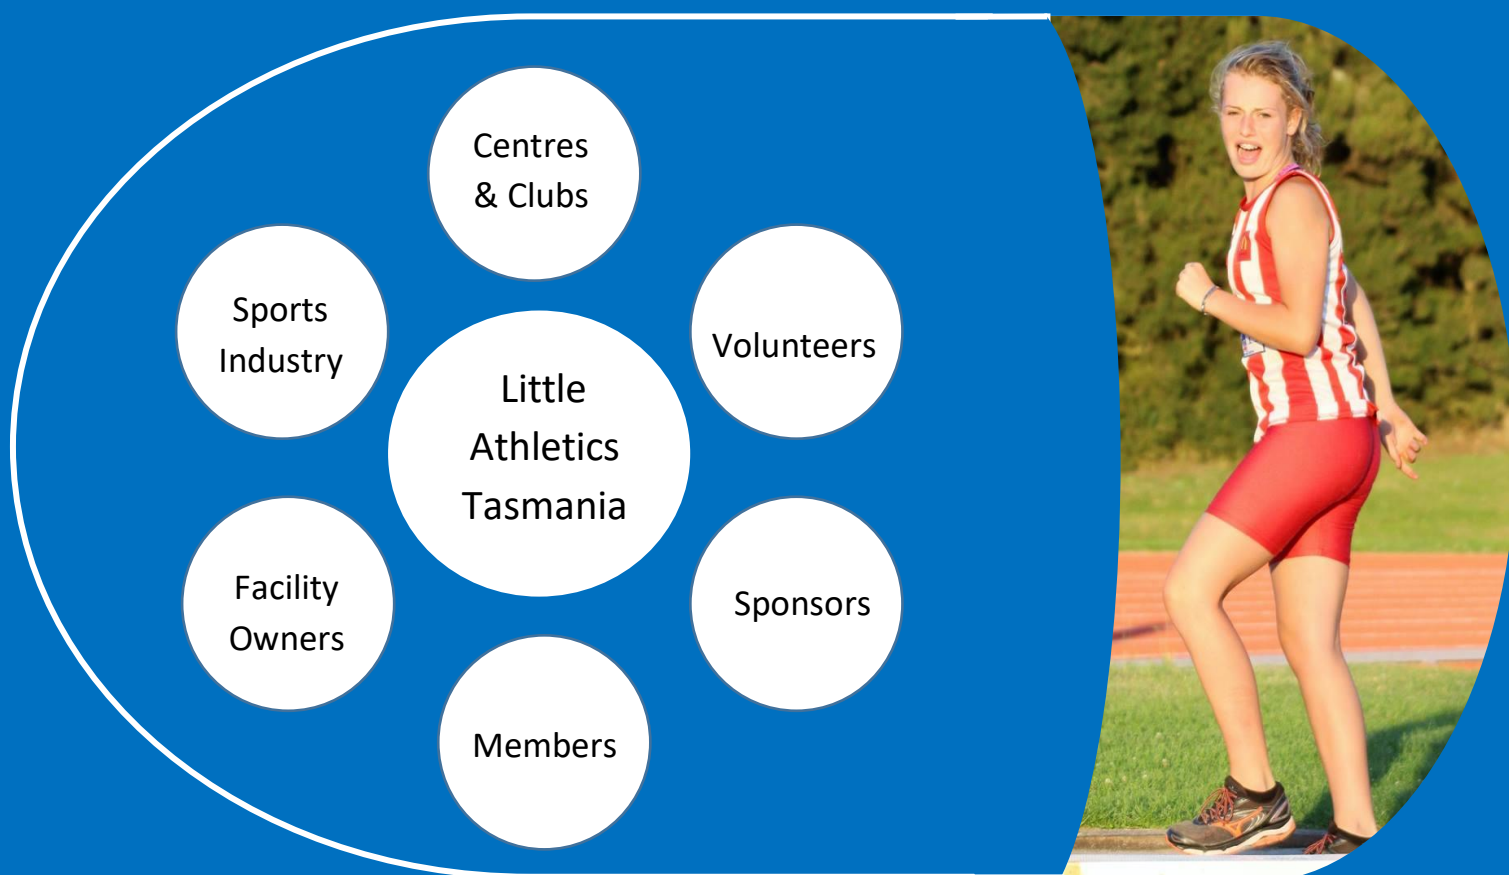

BACKGROUND

The Tasmanian Little Athletics Association comprises 20 Centres throughout Tasmania. Our objective is to maximise the involvement of 5 to 14 year olds in regular, healthy, outdoor activity that promotes fitness, enjoyment and low key competition.

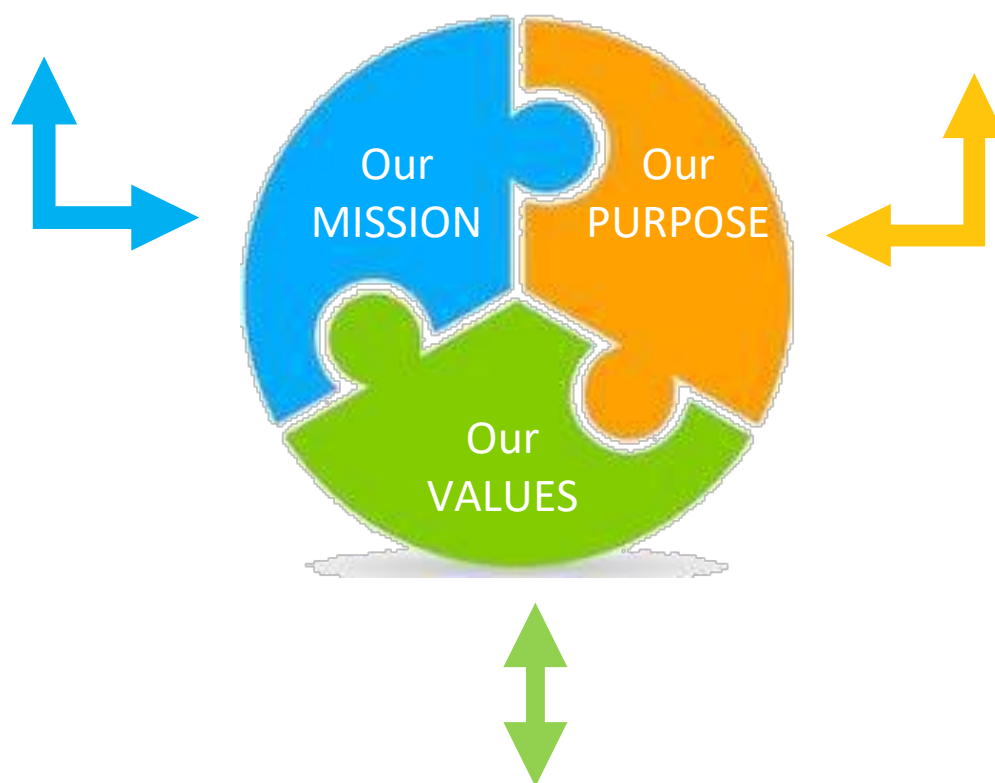

The basic philosophy of Little Athletics is to provide fun, fitness and family involvement for children in sport by making the activity attractive to participants of all abilities regardless of athletic experience or potential. The notion of progressive improvement through achievement of personal best performance is promoted to emphasise that no matter what position an athlete obtains in an event, they can achieve personal success by improving their own

To develop children of all abilities by promoting positive attitudes and a healthy lifestyle through family and community involvement in athletic activities.

To provide a structured and transparent pathway for the development of athletic skills of young athletes in a fun and family friendly environment.

We always behave with honesty and integrity
We work together, respect each other and value our diversity
We strive to deliver an outstanding product to our members
We promote a culture of family fun and fitness in our programs
We conduct our activities in a healthy and safe environment

Little Athletics Tasmania

Board of Management Reports

President's Report

Rhonda O'Sign

It gives me pleasure to present this report on behalf of Little Athletics Tasmania.

We continue to face the biggest challenges faced by Little Athletics here in Tasmania and nationally, that being a declining membership. With the sporting environment becoming extremely competitive in terms of choices, it is becoming increasingly challenging for us to hold our ground in terms of membership numbers.

Unfortunately we saw quite a significant decrease of year of 12%. This is quite alarming, and we are facing another large challenge with perhaps one of our Centres going into recession this year. Our Development Team has been working closely with several of our smaller Centres to ensure that all steps are taken to ensure that these Centres continue to operate, and offer Little Athletics within their local communities.

Our marketing and communication plan this year will be reviewed to look at strategies to grow the participation in Tasmania. One of the key areas already identified, is aligning with many of our winter junior sports. Our Development Officer has worked tirelessly in this area and we will see a huge benefit for all junior sports involved.

PRODUCT REVIEW – AGE ALIGNMENT

We head into Season 2018/2019 with several changes, one significant, that being the new age alignment; the other being a trial by three of our Centres of a new product for our Under 6 to Under 8 athletes – On Track. North Launceston/White City, Burnie and Huon Valley will all trial the program, and we look forward to their feedback. Much discussion has been held regarding the age alignment, and many documentations delivered to our members. To that end, we envisage a smooth transition this season, into the new age alignment.

ONE CLUB MODEL COMMITTEE

The board of Little Athletics Tasmania supports the One Club Model concept and during the 2017/2018 season we worked collaboratively with Athletic Tasmania on initiatives that saw three Centres trial the program — St. Helens and Circular Head, and one in the new year, being Huon Valley. These Centres are able to offer athletics for all ages – from Under 5 through to 100+, and enables those athletes who would otherwise not continue with athletics, or due to logistics in travelling to a senior club, the ability to have a smooth transition into seniors. We will be working with Athletics Tasmania to determine other areas within the State, where this model would be successful, and benefit to athletics in Tasmania.

GOVERNMENT RELATIONSHIPS

We continue to have a strong partnership with the Tasmanian Government. We are fortunate to again, to receive funding through the Communities Sport and Recreation Major Grants Program. Our key performance indicators and reporting requirements are focussed on participation, inclusion, coach and official development, communication and marketing. LATas has developed a marketing and communications strategy with clear vision of marketing of our sport, and communicating to the broader community, and in turn increase participation. Areas of marketing include, but not inclusive to – our coaching clinics, delivery of our LAPS program into primary schools, paid television advertising, paid radio advertising, LAA promotional material, instore McDonald's promotion, social media, website, and the attendance by our Development team at external youth and disability forums.

SPONSORSHIP

We have always had great support from our sponsors, and I thank McDonald's, Department of Sport and Recreation, RACT, Nordic Sport and Medal Mania. I will further update in this area during conference.

LAA have previously given advice that the following are out of bounds for States to seek sponsorship support through - banking, telecommunications, travel, airlines. Accordingly, this also applies to Centres and we ask that you refrain from seeking through support through those areas mentioned.

COLES LITTLE ATHLETICS AUSTRALIA (LAA)

As a member of the LAA Board, this year has been a very busy twelve months. Much time is spent working with the Board (which consists of the LAA Executive, and the Presidents of each State Organisation).

Little Athletics Tasmania hosted the 2018 Roll of Excellence, Conference and AGM in Hobart in October 2017, and will host the 2019 Australian Little Athletics Championship at the Domain in April 2019. This is an exciting time for us to showcase our State and our officials.

BE YOUR BEST®

LATAS BOARD OF MANAGEMENT / STAFF

We went into the 2017/2018 season with a full board of six, all of whom have worked extremely hard during the past twelve months to ensure the success of our sport. I thank them for their dedication to ensuring that we continue to offer such a wonderful product to children in Tasmania. Much time is spent at Board Meetings looking at strategies to further enhance our sport, to increase our marketing opportunities, and to give our members value for money. I believe our Board is fully transparent in all areas of operation, and this in turns, ensures that our members are informed at all times.

It is with regret, that we lose two excellent Board Members this year. Ferdie Kroon has been a valued member of our Board. His knowledge of everything regarding WHS, risk management and technical, is second to none. Whilst he is leaving the board to concentrate on his many other commitments, he is not lost to us as he has agreed to head our risk management/compliance subcommittee. Kay Knee also leaves us this year. Kay has a very busy and quite stress full job, which leaves her time poor to fully commit to the education role. Kay may also be continuing to assist the Board moving forward when we identify further sub-committees which will support the operations of the Board. Thank you to both Ferdie and Kay for your commitment to Little Athletics.

In the office, Tracy has continued to grow into the position of Administration Officer, and has been a valuable resource for many of our Centres. This role can be extremely difficult at times, often reliant on information from third parties to enable her to complete tasks. Tracy will be presenting an exciting online portal for the ordering of badges for this season, which will streamline the process and ensure that there is no waiting for your badge orders.

Simon Bennett resigned from the role of Development Officer in December. Simon was a great asset to us and was well respected by all our stakeholders, particularly the staff at the schools where he presented our LAPS program. We found another great asset in Josh Mason. This is a new position for Josh and one he has taken on board and ran with. He has established good contacts with the schools, and has several new initiatives to align our sport with many of the junior winter sports.

In January 2018, the Board determined to appoint a new role to our organisation. It was recognised that the National Senior Management Meetings were becoming more frequent, and accordingly putting more onus on our already busy Administration Officer. In that regard, former Board Member Roger Hosie was appointed to fulfil the role. The terms of reference include representing LATas at National Senior Management meetings and forums, and other delegated meetings; and to provide expert advice, feedback and recommendations following his attendance at such meeting.

Thank you to all the board and staff for your continuing support and dedication to Little Athletics.

We are all indebted to the large numbers of volunteers, coaches, officials, club, and centre executives who have put in numerous hours to support LATas. We gratefully acknowledge and thank you all, as without you, we do not have a sport. Do not underestimate your value, and I urge you to continue to bring others along with you. All too often we tend to rely on the few; encourage succession planning, and spread the load. The more we do this, the more we can continue to grow as a successful and sustainable sport.

I'm very proud to be the President of Little Athletics Tasmania and I looking forward to working with my fellow board members and staff to grow and improve this fantastic sport that we are all involved with for the betterment of our athletes and their families.

I take this opportunity to wish you all success for the upcoming season.

Rhonda O'Sign
President - Little Athletics Tasmania

Finance Director's Report

Garry House

The preparation of the Financial Budget as in previous years set the bench mark for our financial performance.

Although our audited accounts show that we have had a solid financial performance, it has to be remembered that we have significant cash flow (outwards) prior to the commencement of the next Season.

The greatest change this year was the introduction of on line payments for registrations. Certainly helped both centres and the office

It should also be remembered that our audited accounts are shown excluding GST and are based on an accrual method of accounting, whereas we operate under a cash basis in our normal operations.

Outstanding State Team Expenses, LAA Conference, State Conference, Board Conference, Registration Materials, LAA Insurance, Salaries, have to be paid before October.

I have also attached a schedule showing our Cash Performance against Budget.

Income was over Budget by \$70000, of which \$50000 came from the previous year's outstanding debtors (State Team) The balance was mainly Coles Funding

Expenses were over Budget by \$37000 mainly due to timing of State Team Payments

INSURANCE

Equipment

The LAA policy continued during the year, and once again the premium cost was covered by the TLAA and not passed onto the Centres.

This premium covers Centre Equipment up to \$75000 and any additional cover is at the Centre's cost.

I ask that all Centres continually review your amount of Cover, and continue to minimise your exposure by ensuring that all equipment is securely stored and valuable items such as PA systems, timing machines etc are stored at private residences in the off season.

Please note that it is a requirement of our Insurers that Centres supply the Association with a full list of Assets each year, complete with cost of replacement.

Personal Injury

As last year, I once again remind Centres of the procedure in relation to Injuries at Centre Competition.

For minor injuries at a Centre (e.g first aid) should be recorded in the Centre First Aid Register.

For injuries that Centres feel that it may lead to an Insurance Claim (e.g breakage) Form TLAA18 is to be completed and forwarded to me. This form is then used as evidence that an injury occurred, in the event that a formal claim may be made on our Insurers at a later date.

If a Parent wishes to lodge a claim, then the Sports Personal Accident Form (which can be obtained from the LAA Website) is to be completed and signed by the Parent, signed by the Centre, and then forwarded to me for endorsement, and then will be forwarded to our Insurer.

Summary

A reasonably good year financially for the TLAA, but as stated earlier in this report, we still have a significant amount of outstanding expenses since the balance date of the 31st March.

Registration fees together with other charges for next season will, as usual, be reviewed at Board Conference.

As part of my duties as a Board Member this year, I have also been involved in the Coaching Camp as Convenor and a member of the State Team Selection Panel, plus a Delegate to the LAA ½ yearly Conference and the 2018 Conference and ALAC's on the Gold Coast.

I am also proud that I am Convenor with Rhonda for the 2019 ALACS in Hobart

I wish to sincerely thank Centres, my fellow Board Members, the Office, and my wife Anne for the support given to me during the Season.

Finally, I thank you all for allowing me the opportunity to serve our great organisation.

Garry House

Finance Director FIPA FFA

AUDITOR'S REPORT

To the Members,

TASMANIAN LITTLE ATHLETICS ASSOCIATION INC.

Scope

We have audited the attached special purpose financial report of Tasmanian Little Athletics Association Inc. for the year ended 31 March 2018 comprising of Receipts & Payments and Balance Sheet. The Committee is responsible for the preparation and presentation of the financial report and the information contained therein, and have determined that the basis of accounting used is appropriate to the needs of the members. We have conducted an independent audit of the financial report in order to express an opinion on it to the members. No opinion is expressed as to whether the basis of accounting used is appropriate to the needs of the members.

The special purpose financial report has been prepared for distribution to the members of the Association for the purpose of fulfilling the Committee's accountability requirements. We disclaim any assumption of responsibility for any reliance on this report or on the financial report to which it relates, to any person other than the members, or of any purpose other than that for which it was prepared.

Our audit has been conducted in accordance with Australian Auditing Standards. Our procedures included examination, on a test basis, of evidence supporting the amounts and other disclosure in the financial report, and the evaluation of significant accounting estimates. These procedures have been undertaken to form an opinion as to whether in all material respects, the financial report is presented fairly in accordance with the requirements of the Associations Incorporation Act.

The audit opinion expressed in this report has been formed on the above basis.

Qualification

It is not practical for Tasmanian Little Athletics Association Inc. to maintain an effective system of internal control over membership subscriptions, donations, fund raising activities and other uncontrollable income items until their initial entry in the accounting records. Accordingly, our audit in relation to such income was limited to amounts recorded. I was also not present at the physical stock count and as such am unable to verify its existence or value.

Qualified audit opinion

In our opinion, subject to the effects of such adjustments, if any, as might have been determined to be necessary had the limitation discussed in the qualification paragraph not existed, the financial report of Tasmanian Little Athletics Association Inc. presents fairly the assets and liabilities at 31 March 2018 and the income and expenditure of the Association for the year then ended.

Technical Director's Report

Ferdie Kroon

This has certainly been a year of contrasts from my perspective! I have not really been able to commit fully to my broader role as an LATas Board member due to a number of factors including workload across everything that I do as well as health issues.

Therefore, aside from being able to attend and support State events, I have been unable to visit Centres and provide the support that I would like to do. As a result, whilst this is only my second year in the position, this will by my last year and I am not seeking re-election. This brings with it a certain amount of sadness because the little athletics brand is something that I strongly believe in and I definitely want to support it. I'm sure you can appreciate therefore this is not a decision I have taken lightly but something does have to give and, in a positive light, there is now an opportunity for someone else who has both the time and the little athletics ethos to step up onto the LATas Board

During the past year I attended the National Technical Committee (NTC) on two occasions. You may recall my comments from last year about this responsibility being an eye opener when it comes to how far progressed some States with their integration efforts with senior Athletic bodies. Nothing has changed! In my view though the challenge for this Committee and, I suppose, for little athletics generally is to remain relevant to all of our competitors – current and future. Whilst a seamless transition between the littles and seniors is important, so too are pathways into other activities. Most importantly though we still need to retain our own identity and ensure that we cater for all of our community. Items continuing to be addressed by this

Committee include National Official's Guidelines, Handbook development and implementation of IAAF Rule Modifications (both specifically as well as how we handle this generally). With respect to the latter, it is difficult to implement rule changes mid-season but, not every Association runs to the same seasonal timetable! Guidance about 2017 rule amendment implementation including the 30 second trial timeframe and increased powers for referees will all be provided in due course.

Next year you will see some amended rule changes for ALAC 2019 to take into account the age group changes inclusive of increased team sizes and, potentially, individual athlete workloads. Note that a significant amount of time and effort has gone into attempting to get the balance right. Recognise that there is simply not one perfect approach that will please every single person! The rule amendments encompassing team sizes, maximum number of individual events, eligibility, point scoring, consolation and timed finals will all revert to the status quo in 2020. That said, a separate working group lead review of ALAC generally is currently being considered.

Remember that, from the 2019/2020 season, scissor mats at all competition levels will be between '150mm and 300mm with minimum dimensions of 5m x 3m'. This will be a costly purchase for most Centres therefore, if you haven't already, start your planning as soon as possible. With respect to this change, we need to accept how it will encourage correct technique. I remind Centres to utilise our preferred supplier, Nordic Sport, for their equipment purchases.

During the year, Rhonda asked me to represent Tasmania on the Little Athletics Australia Governance Working Group (LAA GWG). For those that don't know, Little Athletics Australia is currently grappling with developing and implementing a revised governance arrangement. As you can appreciate, there is a lot of stake and there is also a significant number of perspectives that have to be addressed. I certainly pushed quite hard for and/or supported changes such as increased transparency, respect for State views, Board Charter, increased accountability arrangements for staff, administrative efficiencies, acknowledging conflicts of interest as well as vision for Little Athletics generally. I was surprised to hear that we do not qualify for some Government funding because we are viewed, in some circles, as being part of the overall athletics movement. We are a foundation sport and activity for many different opportunities though and I believe this is a vision that always needs to be pursued. It will be interesting to see how this progresses.

In closing, I have a lot of people to thank...probably too many to name !! First of all a big thanks for the support that my fellow LATas Board members have shown me over the past two years. They are wonderful people who believe in little athletics as being the foundation for many different sports and activities generally. I also want to acknowledge each of the volunteers that I have had the pleasure of working with over the past 11 years now. This includes the people from South Launceston and Launceston Centres as well as the many helpers, officials and the likes at State meets. You all make my technical stuff a lot easier!

Education Director's Report *Kay Knee*

Well done to all the centres and clubs for another successful 2017/2018 season again to the Board members, LATas Office, and Committees. It has been wonderful to see Officials, Families and Volunteers work together, encourage and participate in Little Athletics to make it another successful season everyone should be extremely proud to be a part of a wonderful association.

Communication and education are a priority and for everyone to be receiving the right message and the same information. There have been lots and rule changes that need to adhered to at every Centre so everyone is on the same page. In the coming year I think it is important that all centre Education Officer need to attend one of the Official Courses being delivered in different parts of the State

Thanks to Brett Gillow, Brett Johnstone and Roger Hosie for running Officials Courses over the State. We have try to centralise the course so more officials can attend and interact, that were pass on the information and knowledge they have just learnt.

The encouragement and education of all our members and all the people that volunteer their time and commitment is invaluable to the success of Little Athletics also knowing this can be challenging at times.

Three clinics were delivered over the State in September 2017 so heading into the start of our season introducing new and old families to what we deliver at Little Athletics; I would like to thank all the coaches and volunteers that helped out on the day your time is invaluable to make these a success.

Walks Clinics were held in the north and south of the State for all Centres to participate in and they will take place again this Season and try to get to the North West as well. I would like to thank the centres this year that invited me along to help out with walks and coaching

Thanks to all centres that have promoted sitting exams and well done to those that have passed and become Officials and those that have been elevated and mentored at State Events.

Thank you to all the Board Members for the long hours and time they put into their positions to Josh on coming on board and also Wim for attending all the State Meeting and helping out at some of our Centres also to all our Officials, Families and Volunteers that has helped out through the season.

Development Director's Report

Brett Gillow

Following on from last season we have continued some exciting initiatives in the area of Development. And whilst numbers have declined this season possibly due to external issues we feel Little Athletics is still well placed to consolidate and grow into the future. LATas will do everything in its power to positively promote our brand and draw athletes to our sport but we also need the assistance of Centres who are at the coal face. When the opportunity arises at clinics or major events it is your chance to get your Centre out there in front of perspective families and promote our product. Little Athletics as a brand will draw perspective families in however it is up to the individual Centres to do the final sell. If any centres need assistance or advice that is what we are here for so please do not hesitate to contact us. Some of the work in the area of Development this season included;

One Club Model

One Club Model is in its second season and we continued to work closely with two of our Centres, along with Athletics Tasmania to trial this cradle to grave concept. Huon Valley trialled the concept for the first time in January with some success and St Helens in their second season took further steps to consolidate their participants on a weekly basis. The concept is aimed at community centres for athletics, catering for all athletes from age 3 onwards in a fun, non-elite environment for athletes of all ages and abilities.

This is an exciting prospect especially for our more remote Centres and provides an opportunity for children to stay involved in athletics and for families to compete together in a fun environment.

We look forward to this progressing further in 2018/2019.

Officials Courses

At the beginning of the season we ran a 1 day officials course for both Track and Field which was very well attended in the north. It is likely we will look to do this again in the lead up to the season to assist Centres in getting parents trained up and prepared. It becomes more difficult to run them once the season is underway but if numbers warrant it I am happy to visit Centres on weeknights to run these courses as I did for North East this season. Please keep your eye out for dates and if any Centres would like us to run an officials course for them please contact the office and we can arrange a time that suits.

Centre Visits

Throughout the season I try and get out to Centres when I can. Obviously with my own daughters still competing this can sometimes be hard due to clashes. However I did manage to get down to Launceston Centre this season along with Kay Knee to assist with some Walks training for their athletes and judges. Was also lucky enough to travel to North East with Wim Vaessen and take some coaching sessions during their meet. Hopefully both Centres found our visits valuable.

Next season I will endeavour to visit more Centres so if there are any that would like me to attend a specific meeting for any reason then please don't hesitate to contact me.

BE YOUR BEST®

Kid I Am

In November we once again attended the Kid I Am event at the Silverdome, Launceston. Over 8000 people attended the 1 day event. This was a great success and we were able to speak with many families that were not currently involved in Little Athletics which we hope Centres will benefit from in the coming season. Thank you to Ferdie Kroon, Hayley Kroon, Jessica Upton-Greer (as well as my two girls!) who attended the day and helped out on our booth.

The event is now transitioning to a biannual event and we look forward to once being a part of this wonderful event in 2019.

On Track

Next season we have 3 Centres trialling a new national program called On Track which is aimed at our Under 6 and potentially under 7 athletes. The program is a 10 week skill development program based on developing these children's gross motor skills, co-ordination and fundamental skills for introductory into athletics. Each session goes for 1 hour and is not designed to replace competition but instead coexist and assist in the development of all children creating a more positive experience. We look forward to seeing how our 3 Centres go with the trial and the feedback they can provide.

Finally thank you to all the Centres and the many parents within those Centres that do a wonderful job in promoting Little Athletics. I look forward to continuing to work closely with you all.

| State Individual Champs – Day 2 | 42 (23) |

BE YOUR BEST®

Other than the competitions themselves, other things that I was involved with in 2017/18 include;

Pre-Season Clinics: I attended the 3 clinics in Penguin, Launceston and Hobart, assisting with Admin and Coaching.

Camp: Attended Camp again as a Coach and Admin Support.

Officials Courses: I ran two Officials Courses for Hobart Districts.

Cross Country: I assisted with our annual Cross Country Championships back in September by marking the course and running the start/finish line. Well done to both the Northern and Southern volunteers for their seasons.

“SLAM”: I co-ordinated a “pre-season” workshop for “SLAM”. This workshop was attended by 11 people representing 7 Centres. A big thank you to Michael Brideson for running the session and being a “SLAM expert” when required throughout the season. Also, a massive thank you must be extended to Peter McConnon who has designed this system, modified it to meet our requirements and provided ongoing support for a number of years at no cost to the athletes.

AWD: We again successfully ran AWD events at our State Championships and it was very pleasing to have these athletes involved. Numbers increased from the two previous seasons which was great to see.

Allocation of Officials at State Meets and Mentoring: Chief Officials and Track/Admin Positions were filled via nominations from Centres and Field Crews were allocated “pro rata” based on the number of entries from Centres (with allowance made for the number of Chief/Track/Admin Officials from each Centre). Where possible Centres were allocated specific sites to ensure that they only ever had one crew on duty at a time. Mentoring was again offered at Centre Challenges and All State Meetings.

Online Entries: Online entries were trialled for the first time for the Multi Event and Race Walk entries. I’m not aware of any significant problems so would anticipate that we will again use online entries for those events. I would also like to trial online entries for State Individual Championships but there are a few bits and pieces to iron out before that can be confirmed.

Points Tables for Multi Event (SLAM): I spent a considerable amount of time creating the Points Tables for SLAM for our Under 13 to Under 15 Multi Event so those scores are now done in SLAM as they were for other age groups.

Final Words

I’d like to sincerely thank my fellow Board Members Rhonda, Garry, Brett G, Ferdie and Kay for everything they have done throughout the year. Also, thank you to the LATas staff Tracy and Josh – they both have a great passion for the sport. A massive thank you to everyone from the Centres that assisted in making all of our State Meets happen, particularly those SLAM operators and Special Events Co-ordinators that I constantly hassled for results/officials/equipment.

Brett Johnstone
Education Director

LITTLE ATHLETICS PROGRAM FOR SCHOOLS

Throughout the 2017-2018 season Development Officer's Simon Bennett & Josh Mason visited a total of 3347 students from schools across Tasmania to work with them to develop basic running, jumping and throwing skills by participating in highly active sessions.

The focus is on group participation, team morale and lots of fun activities.

Our qualified coaches travel to schools and coach students in Sprints, Relays, Hurdles, Shot Put, Discus, Long Jump and High Jump. Which event, and the number of events to be coached is up to the school. LAPS is a flexible program so that we can tailor to every school's needs! Coaches can visit the school for a one-off session or a program of regular sessions over many weeks.

The Little Athletics Program for Schools supports Tasmanian teachers to provide a greater standard of athletics coaching and raise awareness of Little Athletics at schools.

Below, former Development Officer Simon Bennett working with children from Deloraine Primary School.

COACHING CLINICS AND SQUADS

Regional Coaching Clinics

In September Little Athletics Tasmania held three Regional Coaching Clinics across Tasmania. These clinics are widely advertised and free for all members and prospective members to attend.

Clinics were held in Hobart, Launceston and Penguin and all three were well supported with close to 400 athletes participating across the weekend.

The clinics are organised by the LATas Development Officer with support from the Development Director and Education Director. Coaches and senior athletes are engaged across the state to deliver programs to allow athletes an opportunity to see what Little Athletics has to offer.

Fast Track Squad

The Fast Track Squad was once again offered for the 2017-2018 season with 21 athletes in total accepted for the program.

The squad is designed to provide quality coaching and active participation in athletics. A particular focus will be relays and baton changing. The aim is to get the team at ALACs 2018 on the Gold Coast well versed in relays so we maximise our result and points in the 4x100m relay.

Training for the Fast Track Squad took place at the Regional Coaching Clinics in September, prior to the two All State Meets with a final training session held at the U12/13 Coaching Camp at Port Sorell in January. LATas would like to thank Roger Hosie for once again delivering this program.

FAST TRACK

School Holiday Clinics

LATas trialled Coaching Clinics during the Term 3 School Holidays in 2017 and these were very successful. Development Officer Simon Bennett engaged coaches to assist him hold clinics in all three regions with athletes being offered a wide range of events to participate in.

A fee of \$5.00 was charged to assist with covering costs of the venue hire. In total 122 athletes took part across the three sessions with the feedback from all being very positive.

LATas will continue to explore School Holiday options moving forward to the 2018-2019 season.
