

ANNUAL REPORT 2020

Background

The Tasmanian Little Athletics Association comprises 19 Centres throughout Tasmania. Our objective is to maximise the involvement of 3 to 15 year olds in regular, healthy, outdoor activity that promotes fitness, enjoyment and low key competition.

The basic philosophy of Little Athletics is to provide fun, fitness and family involvement for children in sport by making the activity attractive to participants of all abilities regardless of athletic experience or potential. The notion of progressive improvement through achievement of personal best performance is promoted to emphasise that no matter what position an athlete obtains in an event, they can achieve personal success by improving their own result.

The first meeting of the Tasmanian Little Athletics Association was held in Launceston in August 1973 with a total of 394 athletes registering for the first season in 1973-1974.

Little Athletics continues to grow in membership and develop athletes across Australia. As a foundation for all sports, those participating in Little Athletics have been recognised across many fields in the sporting arena.

Values - Mission - Purpose

Our VALUES

To develop children of all abilities by promoting positive attitudes and a healthy lifestyle through family and community involvement in athletic activities.

Our MISSION

To provide a structured and transparent pathway for the development of athletic skills of young athletes in a fun and family friendly environment.

Our PURPOSE

*We always behave with honesty and integrity.
We work together, respect each other and value our diversity.
We strive to deliver an outstanding product to our members.
We promote a culture of family fun and fitness in our programs.
We conduct our activities in a healthy and safe environment.*

Board of Management Reports

Presidents Report

The 2019/20 season has been an interesting one to say the least with a lot of things happening throughout the season and then of course the coronavirus pandemic hitting Australia at the end of our season. From a Little Athletics perspective, Tasmania was relatively lucky that we were able to complete our State Championships literally a few days before everything started going into lockdown. Many other states were not as fortunate with their State Championships (scheduled for the weekend after ours) being cancelled. We were not completely immune from the effects however with several Centres having to cancel their presentation days, our Cross Country season cancelled and the cancellation of the Australian Little Athletics Championships in Canberra and the International Children's Games in Hungary.

Moving forward, the coronavirus is likely to continue to pose challenges for Little Athletics during the upcoming season. Whilst Tasmania is well placed at the moment (at the time of writing there are only 4 known active cases in the state), the threat of a second wave is always there and several changes will need to be implemented to our weekly competition meetings to ensure that Public Health guidelines are met and the risk of possible transmission of Covid-19 is minimised. We also face the uncertainty of winter sports potentially running later than usual and running into our season, potentially causing competition for both facilities and athletes. Lastly, there is the economic effect of the coronavirus. Unfortunately, many people have either lost their job or lost significant income from their businesses or investments. Some people will simply have to cut costs where they can and will be more selective in their children's sports (especially those that participate in multiple sports). Fortunately, Little Athletics remains one of the most affordable sports to participate in but we will all need to work together to ensure that our product remains attractive to our members and prospective future members.

MEMBERSHIP

Membership numbers for 2019/20 were on a par with the previous season. It was pleasing to halt the decrease in membership numbers but now the challenge is to start increasing them again. The coronavirus restrictions and effects mentioned above will make increasing membership this coming season a challenge, but we do have some advantages to work with, such as being a sport that involves no physical contact and the flexibility to alter our programs at short notice.

REPRESENTATIVE TEAMS (ALAC and ICG)

Unfortunately, both our Australian Little Athletics Championships (ALAC) and International Children's Games (ICG) teams had their events cancelled due to the coronavirus. This was no doubt a major disappointment for everyone, especially the athletes and their families. I would urge all of these athletes to be proud of your selection – making any State or representative team is a great achievement and hopefully there are other similar opportunities for you in the not too distant future.

SPONSORSHIP

Once again, we had great support from our sponsors, and I thank Coles, McDonald's, Department of Community Sport and Recreation, RACT, JustWaste Consulting, Nordic Sport and Accolades Awards for their continued support of Little Athletics.

We welcomed Bendigo Bank in 2019/20 as our Little Athletics Program for Schools (LAPS) sponsor and it was great to have them come on board.

We continue to have a strong partnership with the Tasmanian Government. We were fortunate to again receive funding through the Communities Sport and Recreation Major Grants Program.

We thank all of our sponsors for their support.

COLES LITTLE ATHLETICS AUSTRALIA (LAA)

The Coles LAA Board continued to progress the proposed merger between Little Athletics Australia and Athletics Australia. The Little Athletics Tasmania Board was due to meet with LAA in March to discuss the proposed merger and work through any potential issues but that was one of several meetings postponed due to travel restrictions. The merger vote that was originally scheduled to occur in October 2020 has now been postponed to April 2021 to enable all relevant meetings to occur prior to the vote. For Little Athletics Tasmania and all member Centres, 2020/21 remains “business as usual” and we will forward more information as it becomes available.

LATAS BOARD OF MANAGEMENT / STAFF / VOLUNTEERS

I would like to sincerely thank my fellow Board members, for their dedication to ensuring that we continue to offer such a wonderful product to children in Tasmania. Over the past 18 months, the Board has lost a considerable amount of experience, but it has been replaced with fresh ideas and every single Board member has contributed positively to the group in some way during the season.

Brett Gillow has done a fantastic job with the Competition portfolio. It is a massive job organising meets for 300-500 children, and he has done wonderfully well in ensuring all State Meets have been well planned and organised. Ferdie Kroon has been the driving force in getting our Constitution updated and getting our policies and procedures, particularly those relating to finance, up to date. Kaelene Crossingham has done wonderfully well with the Education portfolio, organising Level 1 and 2 coaching courses, assisting with the preseason Come and Try Days and State Camp and continuing to look for ways to upskill our Officials and Coaches. Steve Ahern has done a great job ensuring all equipment is in place for each meet, updating

checklists, being our National Technical Committee representative and assisting with clinics and camp. Paul Mommers has been a great mentor for our Development Officer, Josh, and has taken a leading role in organising and coaching at our Coaching Clinics and at Camp.

In the office, Tracy has continued to be a valuable resource for both the Board and the Centres in her role as Admin Officer. This role can be extremely difficult at times, often requiring her to juggle many tasks at once, but Tracy has continued to expand her skills and take on new tasks with enthusiasm.

Josh Mason continued his great work as Development Officer. His rapport with athletes at school visits, Centre visits and Coaching clinics is excellent, and it is not uncommon to receive several messages of thanks after his sessions.

I’d also like to thank our Life Member, Garry House, for his work as Camp Convenor and Wim Vaessen, Kay Knee, Josh Mason, Anna Davie and Paul Mommers for taking on roles as State Team Coaches/Managers, even though the trip was not able to proceed.

We are all indebted to the large numbers of volunteers, coaches, officials, club, and centre executives who have put in numerous hours to support Little Athletics. We gratefully acknowledge and thank you all, as without you, we do not have a sport. Do not underestimate your value, and I urge you to continue to bring others along with you. All too often we tend to rely on the few. Encourage succession planning and spread the load. The more we do this, the more we can continue to grow as a successful and sustainable sport.

I’d also like to acknowledge our State Service Award Winners. Peter McConnon and Rosemary Coleman were both awarded Distinguished Service Awards following many years of distinguished service to Little Athletics. Both are former Board members, and both have remained involved with Little Athletics well after their terms on the Board ended – Peter through his Results Management system

(SLAM) and Rosemary through her co-ordination of Walks coaching, clinics and officials. Michael Brideson and Jenny Broad were awarded State Service Awards for their many years of assistance at various Little Athletics events – both Michael and Jenny regularly go “above and beyond” what is expected at State Meets and have done so for a number of years.

I’m very proud to be to a part of Little Athletics Tasmania and we should all look forward to many more wonderful years of our great sport.

I take this opportunity to wish you all success for the upcoming season.

Brett Johnstone
President

Finance Directors Report

This is my first annual report as the Finance Director and arguably my last given recent changes to our Constitution. The Director responsible for finance elements will be the individual writing the next report. Additionally, note that I took over in the second quarter of this FY.

What occurred in the Financial Year including an explanation of various details within the audited reports follows:

- We changed auditors from Lorkin Delper Harris to Accru after receiving notification, post appointment at last year's AGM, that the former no longer wished to audit our accounts in line with a change in their business direction
- Transition to MYOB and elimination of spreadsheet based bookkeeping completed – interestingly, MYOB not effectively utilised by previous Finance Director and therefore Accru had some issues with cross referencing 2020 with 2019 figures which has, in part, lead to a different last year profit figure (now approx \$63k but was \$17k) – cash to accrual transition also plays a part
- An integral aspect of completely moving to MYOB was to enable all bookkeeping to be undertaken by Office – this enabled the Finance Director and the Board more generally to operate strategically and be better equipped from a governance perspective
- All BAS and superannuation payment requirements were moved from manual lodging, cheque based approach to AUSkey and now MYGovID (all figures created within MYOB have been relied on rather than utilising separate spreadsheets for cross referencing activities)
- We moved all LATas functions from Cash to Accrual based accounting methods although, at time of writing this report, we were still awaiting ATO acknowledgment – note that this impacts phasing

of some income and expenditure items and it will take at least two full years using Accrual methods before better comparison data becomes available

- Moved Term Deposit to Bendigo Bank to take advantage of a slightly better interest rate
- Established bank feeds from CommBank to MYOB to facilitate increased productivity in the reconciliation space
- Purchased two new laptops and one desktop in addition to replacement of technical equipment – these will all be depreciated accordingly
- Provided more detailed MYOB reports to each Board member at least one week in advance of each meeting
 - A full FY Profit and Loss Statement (inclusive of comparisons with previous year's data and current budget)
 - A year to date Cash Flow Statement (inclusive of comparisons with previous year's data and current budget)
 - A General Ledger report identifying incomings and outgoings in each of the bank accounts between the two Board Meetings
 - An up to date Balance Sheet
- Increased transparency applied to all Board and Staff member expenditure and reimbursement requests inclusive of tabling credit card statements (two credit cards reduced to one during the period)
- Registration income down compared to last year – due largely to incorrect recording of State Championship income when compared to this year – note that we now have identified each item separately
- ALAC and ICG income well down due to the impact of COVID-19 with both events not going ahead

- LAPS and schools funding split between two accounts to better represent both LAA Development Officer funding and funding obtained from LAPS visits themselves
- LAA Administration Levy and Insurance Fees combined (we simply pay a monthly levy to LAA for these items) which, in turn, resulted in a reduction to the Insurance expense item which now shows Workers Compensation Insurance only
- Bank Charges increased significantly to facilitate increased reliance on remote banking and authorisation efforts
- Reduced Board member expenditure compared to previous years - Board member expenditure directly linked to State events, including Board meetings, has now been clearly identified
- Separate expenditure items established for each State Championship and non-Championship events
- Separate expenditure items created for various subscription items to improve transparency – this in turn resulted in less expenditure attributed to the general stationary item
- New 'Business Development' expenditure item (6-5000) created to help promote little athletics activities generally
- Development and Admin Officer expenditure item created for increased transparency
- Motor vehicle expenditure significantly increased compared to last year but note that the Development Officer Travel & Accommodation item is down
- ALAC Team Expenditure is up largely due to phasing from cash to accrual
- ICG Team Expenditure is up due to refunding applicants
- Salaries and on costs have not changed much due to Development Officer moving to a part time arrangement
- Sponsorship income items have been better itemised compared with previous years
- We lost \$9.5k State sponsorship and attempted to partially offset this with decreased expenditure and additional cost consciousness (especially Board member travel)
- Last Years Debtors income will now no longer be needed due to moving from cash to accrual
- ALAC Reimbursement (note that there is ALAC Expenditure) and Merchandise are legacy items from the ALAC 2019 in Hobart
- Overall then we sustained a FY loss of \$17.6k - partially attributable to
 - The move from Cash to Accrual
 - The existence of 2019 ALAC Hosting Expenditure elements
 - The inclusion of 2018/2019 ALAC team expenditure
 - No 2020 ALAC team income (some old income from 2019 is reflected in the figures)
 - State sponsorship reduction
 - Refunding of ICG Deposits (\$16200.00) collected in the previous Financial Year
- We are now accounting for annual leave payable as a liability and, whilst there exists a figure for 2019, this item had not been previously catered for

With respect to the Board's future plans for finance, note the following:

- Improve on the separate MYOB items approach for all subscription-based pf
- services

- Provide for a draft budget, approved by the current Board no later than end April 2020 that is then amended and ratified by the new Board post AGM – this eliminates the past historical situation of not having a budget for up to 4 months post end FY
- Ensure that the financial elements of the Annual Report are issued to Centres no later than end May each year
- Focus on obtaining and utilising Government COVID-19 support packages
 - At time of writing, we had benefitted from a GST cash boost supplement as well as the first round of JobKeeper
 - We have also applied for additional State Sporting Organisations funding
- Creation of a \$25k State Events – COVID 19 Centres Support Fund budget item to help get Little Athletics 'back on the park' post some of the significant restrictions and also in the face of increased winter sport over-run
- Increased focus in utilising Zoom in an effort to keep meeting costs down and also ensure Centres have access to this
- Continuation of our 'Education and Development' budget item and an increase to our Schools and Education budget item
- Ensure annual and long service leave adjustments are undertaken by general journal entries to ensure timely updating of all accounts
- Investigate more appropriate splitting of GST liability between various GST liability accounts
- Undertake a more detailed stocktake with improved linkages to our depreciation schedule

- Improve our bank reconciliation efforts by focusing not just on bank feeds (which has proven to be extremely useful) but also cross referencing with monthly statements

It could be a challenging year for little athletics, especially if winter sport over-runs impact on numbers and access to facilities. That said, we might also see an influx of parents and children looking to break the COVID-19 shackles. The Board will continue to monitor the financial situation and respond appropriately.

Finally, I would like to acknowledge the efforts of LATas' Staff and Directors in supporting the transition efforts over the past nine to 12 months. We still have a few things to address in the governance and transparency space although the adoption of the new Constitution will go a long way towards positively influencing our future efforts.

Tasmanian Little Athletics Inc.

Notes to the Financial Statements

For the Year Ended 31 March 2020

Note 1: Statement of Significant Accounting Policies

The financial statements have been prepared on the basis that the association is a non-reporting entity because there are no users dependent on general purpose financial statements. These financial statements are therefore special purpose financial statements that have been prepared in order to meet the requirements of the *Associations Incorporation Act 1964 (Tas)*. The association is a not-for-profit entity for financial reporting purposes under Australian Accounting Standards.

The financial statements have been prepared in accordance with the mandatory Australian Accounting Standards applicable to entities reporting under the *Associations Incorporation Act 1964 (Tas)* and the significant accounting policies disclosed below, which the Board has determined are appropriate to meet the needs of members. Such accounting policies are consistent with those of previous periods unless stated otherwise.

The financial statements have been prepared on an accrual basis and are based on historical costs unless otherwise stated in the notes. Material accounting policies adopted in the preparation of these financial statements are presented below and have been consistently applied unless stated otherwise. The amounts presented in the financial statements have been rounded to the nearest dollar.

Significant Accounting Policies:

a) Property, Plant & Equipment

Plant & equipment are included at cost or, where indicated, at independent or owner's valuation. All items of plant & equipment are depreciated over their useful lives commencing from the time the asset is held ready for use.

Tasmanian Little Athletics Inc.**Officers' Assertion Statement**

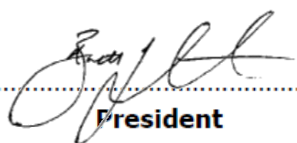

For the Year Ended 31 March 2020

The Board has determined that the association is not a reporting entity and that this special purpose financial report should be prepared in accordance with the accounting policies outlined in Note 1 to the financial statements.

In the opinion of the Board, the attached financial report:

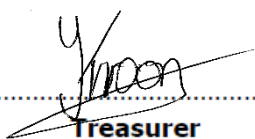

1. Presents a true and fair view of the financial position of the Tasmanian Little Athletics Inc., as at 31 March 2020 and its performance for the period 1 April 2019 to 31 March 2020;
2. At the date of this statement, there are reasonable grounds to believe that the Tasmanian Little Athletics Inc. will be able to pay its debts as and when they fall due.

This statement is made in accordance with a resolution of the Board and is signed for and on behalf of the Board by:

.....
President

Tasmanian Little Athletics Inc.

Auditor's Independence Declaration

For the Year Ended 31 March 2020

Dear Members

As auditor for the Tasmanian Little Athletics Inc. for the year ended 31 March 2020, I declare that to the best of my knowledge and belief, there have been:

- 1) No contraventions of the auditor independence requirements of the *Associations Incorporation Act 1964 (Tas)* in relation to the audit; and
- 2) No contraventions of any applicable code of professional conduct in relation to the audit.

This declaration is in respect of the above-mentioned association.

Yours sincerely

.....
Michael Burnett B.Com.F.C.A.
Registered Company Auditor: 281
Partner
Level 1/18 Ross Avenue, Rosny Park TAS 7018

Dated: 01 / 06 / 2020

Independent Auditor's Report

To the members of Tasmanian Little Athletics Inc.

Qualified Opinion

We have audited the financial report of Tasmanian Little Athletics Inc. (the Entity), which comprises the statement of financial position as at 31 March 2020, the statement of comprehensive income and notes to the financial statements, including a summary of significant accounting policies and other explanatory information, and the declaration by those charged with governance.

In our opinion, except for the possible effects of the matter described in the Basis for Qualified Opinion paragraph, the accompanying financial report presents fairly, in all material respects, the financial position of the Entity as at 31 March 2020 and of its financial performance for the year then ended in accordance with *Associations Incorporation Act 1964 (Tas)*.

Basis for Qualified Opinion

The cash income is a significant source of revenue for Tasmanian Little Athletics Inc.. The Tasmanian Little Athletics Inc. has determined that it is impracticable to establish control over the collection of cash income prior to entry into its financial records. Accordingly, as the evidence available to us regarding revenue from this source was limited, our audit procedures with respect to cash income had to be restricted to the amounts recorded in the financial records. We therefore are unable to express an opinion on whether the recorded cash income of Tasmanian Little Athletics Inc. is complete.

We were appointed as auditors of the entity in 2020 thus were unable to obtain sufficient appropriate audit evidence regarding the comparative figures. As

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Entity in accordance with the ethical requirements of the Accounting Professional and Ethical Standard Board's APES 110 *Code of Ethics for Professional Accountants* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

Those charged with governance are responsible for the other information. The other information comprises the information included in the Entity's annual report for the year ended 31 March 2020, but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Board and Those Charged with Governance for the Financial Report

The Board are responsible for the preparation of the financial report in accordance with the *Associations Incorporation Act 1964 (Tas)*, and for such internal control as the Board determines is necessary to enable the preparation of the financial report that is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the Board are responsible for assessing the Entity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board either intends to liquidate the Entity or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Entity's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial report.

A further description of our responsibilities for the audit of the financial report is located at the Auditing and Assurance Standards Board website at: <http://www.auasb.gov.au/Home.aspx>. This description forms part of our auditor's report.

Development Directors Report

I have enjoyed my first year as Development Director having worked closely with our Development Officer, Josh Mason. I thank the other Board members, Josh and Tracy for their assistance during this time.

I had the opportunity to visit Kingborough, Hobart Districts, Clarence, and Huon Valley Centres, which, I enjoyed a lot. I enjoyed the interaction with the children and parents and watched well run centres in action.

COME & TRY DAYS

The clinics and Come and Try days fall under the umbrella of both Development and Education allowing Josh and me to work closely with our Education Director, Kaelene Crossingham, in providing these events to our members.

Our September coaching clinics had a name change to 'Come and try days' to better reflect what we provided to the community. They were held in Hobart with 350 children attending, Launceston with 125 and Penguin with 170. Centres had been invited to set up a booth to promote their centre with positive feedback coming from centres that were able to do this

COACHING CLINICS

Coaching clinics for the U11 and U12 age groups were held early October in Penguin with 19 athletes, 34 in Launceston, 33 in Hobart with numbers affected by poor weather. In January we held clinics for the U6, 7, and 8 age groups in Hobart with 39 athletes in attendance. The clinics scheduled for Penguin and Launceston were canceled due to the illness of our Development Officer.

This year we introduced coaching clinics for our U14 and U15 athletes focusing on the multi-events with these clinics being held the day after the All-State events. There were 10 athletes at each, fewer than we had hoped, but which allowed for more personal coaching with the athletes.

On the 1st October we had the opportunity to promote little athletics with Isaac Bonsey, one of our 2019 ALAC team captains and I attending HOFM where we were interviewed about little athletics and the recent ALAC held in Hobart. It was fun with Isaac having a potential career in radio.

On Saturday 23 November I attended with Josh Mason to the launch of the Maxima Para Athletics Program at the Domain. This program is run by Maxima through Athletics Tasmania. Athletics Tasmania invited Little Athletics Tasmania to participate in this program with them with Josh Mason being available to assist with the program in schools.

Due to the Coronavirus restrictions the Southern Cross Country program was cancelled for 2020.

Paul Mommers
Development Director

Education Directors Report

The Education Director's role in 2019/2020 is one that has evolved and changed as the season progressed. It involved working and liaising with all other board members in their roles but also around education and relationships with athletes, families and the wider sporting community. This year was about building connections and relationships with clubs and centres, to identify their needs, and to further develop the programs we have created to provide a better product for the Little Athletics community. We have invested time and energy in developing our social media platforms to connect and engage with families and are aiming to further develop this avenue by providing information and education to support our members in coaching and officiating.

Whilst many changes have occurred there is a lot to still be developed further and implemented in the coming season/s. Education in Little Athletics is a "watch this space". Whilst it is great to have grand ideas and plans, it is important to develop a foundation to ensure that our direction is solid and meeting the needs of our athletic community.

COACHING COURSES

This year we received a Grant of \$4500 to be used to support the growth of coaches in both the North West, North and South of the state. We organised with Athletics Tasmania two Level 1 courses and two Level 2. We easily filled our goal of numbers for the 4 courses (although several cancelled last minute) and we thank those participants for the attending and completing the course to become accredited coaches and give back to their clubs and centres. Whilst our goal was to ensure that all centres were to upskill a club/centre member, we unfortunately were unable to meet this goal. We hope that those centres that missed out will be able to participate in the next season of coaching courses. With the cost of each participant only being \$50 we can now offer 2 coaching clinics again in the 2020/21 season.

The breakdown of attendees were as follows:

Level 1 Launceston	14 (17 reg/3 cancelled)
Level 1 Hobart	6 (8 reg/2 cancelled)
Level 2 Launceston	12 (15 reg/3 cancelled)
Level 2 Hobart	8

CENTRE VISITS

It was a goal of the Board to have a Board or staff member visit all Centres during the season and I had the pleasure of visiting and participating in programs around the state. An early visit to NLWC, followed by Launceston, Devonport, Longford, and St. Helens gave me a feel of what centres need and a chance to identify what further support is required in the future. Key concerns, whilst not necessarily education, were around retaining athletes to the sport, supporting families with the confidence to officiate and providing opportunities to access coaching at club level and beyond. Discussion pathways to senior athletics is something each Centres has expressed an interest in, and is something LATas need to work on with Centres going forward.

In those visits one thing that was apparent was the growth of their Tiny Tots programs and the fantastic educators in these roles. I look forward to their under 6 and 7 programs continuing to grow. A goal for the upcoming season is to work with centres and their education directors more closely across the state. This may be at forum style meetings or with the latest technology movements such as Zoom. This will give us the opportunity to discuss issues specific to education.

Being involved in "Come and Try" days and Coaching clinics this year was a great opportunity to continue personal growth and development. Whilst we had a few hiccups, all programs were well received and certainly put Little Athletics in the spot light. Working with Little Athletics volunteers in a public relations capacity at events like "Kid I am" at the Silverdome, demonstrated the importance of promoting our program in as many settings as possible. Many

centres in the North gained additional club members through these events. We look forward to centres becoming more actively involved in these events in the future.

Modifications to the annual U12/13 camp that I attended from the 5 – 8th of January proved successful with positive feedback from the athletes, hut parents and coaches. Breaking down the individual clinics children participated in allowed children to recovery sufficiently for the next event. After unpacking the survey we found the drills and techniques session with Josh Mason around starts was very popular, followed closely by hurdles, throws and jumps. A huge thankyou to our Level 3 plus coaches Anna Sulzberger, Wim Vaesson, and Roger Hosie who all gave up their time to support and educate our young athletes. Whilst an exhausting but amazing experience to attend, the athletes learnt so much, moving forward with many personal bests achieved. We look forward in 2021 in providing further education to athletes around recovery, nutrition and injury management at future camps.

State competitions were well attended this year but providing enough officials again was a demanding task for both clubs, centres and state management. Many key officials will move on as their athletes have finished their final U15 year so developing our official base will be a key area of focus in education in 2020/2021. Without officials we would be unable to run club and state event variations in our program such as the introduction of a “Field Relay” on State Relay Day. At a board level we will be looking at how to improve our rate of new officials early in the season and what we can do to support officials at club/centre level. Currently in progress the Board are putting together a series of home-grown videos to support our officials, which will be accessible in the new season.

The idea behind those is to demonstrate not only the “how” to officiate but also how easy it is. The purpose to continue to support current officials but also entice families to become actively involved.

On a final note I would like to thank the club/centre volunteers for the many tireless hours and time given to support their clubs and centres. It is often a thankless job, but I know that every one that volunteers their time will receive rewards that are personal and individual. We do this ultimately with “children” at the centre. It is not about competition, being the best, or their child winning every week. It is about supporting our athletes to become confident, capable and resilient human beings. A huge thank you to my fellow board members for their constant support, patience and guidance. We have faced many hurdles this year and to finish with COVID -19 has probably tested our strength as unit to full capacity. Whilst we don’t always agree we are able to compromise and collaborate to continue providing a great product for the children in our state.

Education will continue to be a big focus in the upcoming season and I look forward to seeing Tasmanian Little Athletics continue to grow and prosper. Good luck to all clubs and centres for 2020/21 and I hope to have the opportunity to support further growth and develop in education in the future and work with the fabulous Little Athletic community.

[Kaelene Crossingham](#)
Education Director

Technical Directors Report

I would like to take this opportunity to again thank the Little Athletics community for their support during the year. Thank you to all of the centres, volunteers and my fellow directors (all of you make those four-hour meetings a little more tolerable). After a difficult year last year, I believe we have made significant progress as an association. Approving a much improved and updated constitution will also allow the association to continue to evolve and grow the foundation sport that we all know and love.

This year I have felt much more familiar with the rules and regulations as well as how the Clubs, Centres and Affiliated Associations all work together. The National Technical Committee has also reformed and whilst I was unable to make the recent meeting on the mainland, the committee clearly still has a role to play in the continuing development and oversight of the rules and regulations.

Without question, the highlight of the year for me was being involved as a selector for the Tasmanian state team for the Australian Little Athletics Championships which were to have been in Canberra. Taking a special interest in seeing the U13 and U15 athletes develop from the beginning of the year through the all of the state meets, the coaching camp in January and through to the State Individual Championships was a great experience and I congratulate the selected athletes. Even with the severe disruption caused by the current Covid 19 pandemic, your achievements this year have been first class and once things settle down, I am sure there will be an opportunity to compete at a national championships for the selected athletes.

I also enjoyed further developing my personal coaching skills by completing the Level 2 athletics coaching course and then practically applying the new knowledge to the U12 and U13 coaching camp. I always love seeing how much the kids enjoy the camp. It is an experience they never forget. Brand new hurdles were ordered and delivered at

last this year which will be especially useful for our training camp. Brand new starting blocks were also supplied to replace the old stock which were showing some rust, wear and tear.

In addition, we have invested in better storage units this year to assist us with transporting the equipment around the state and our equipment has been well maintained and is in good condition for future state meets. We will continue to monitor this and invest in updating and replacing worn equipment so our athletes can always perform at their best during the state events.

Looking forward, it has been identified that our state owned shade shelters and collapsible frames are starting to show their age and this will be a target for investment to ensure athletes can continuously remain safe from our strong Australian summer sunshine.

I remind Centres to consider our preferred supplier, Nordic Sport when ordering equipment. We do not anticipate any additional change to implement specification for 2020/2021.....our new Olympic year.

Hopefully, we can quickly recover from the pandemic causing so much disruption and that Coles will continue to offer grants to clubs for the purchase of equipment. For Clubs and Centres, consider upgrades to starting and timing equipment as the future of caps guns into the long term is in doubt.

Finally, a very special thank you again to all the volunteers across the state who regularly pitch in to assist with setting up the coaching clinics and state meets. You are the best people on the planet! Setting up for a large state meet just isn't a one-person job.

See you again at the track soon.

Stephen Ahern
Technical Director

Competition Directors Report

Whilst having been on the Board of Management for 4 years, season 2019/20 was my first as Competition Director. This season gave me a real appreciation for the amount of work those before me have put into the role. Around competition time for state meets, this is a full-time job. So first up I would like to acknowledge all those people that have assisted me this season.

I'd like to sincerely thank my fellow Board Members Brett J, Ferdie, Kaelene, Paul and Stephen for everything they have done throughout the year. Also, thank you to the LATas staff Tracy and Josh for all their efforts throughout the year. A massive thank you to everyone from the Centres that assisted in making all of our State Meets happen, particularly those SLAM operators and Special Events Co-ordinators that I constantly hassled for results/officials/equipment. To Peter McConnon and Michael Brideson for consistently being our '1300SLAM' support line and to Brett Johnstone for assisting me this season by putting together the schedule for each event. Finally, to the individuals that assisted me throughout the season by putting entries into SLAM and results my sincere thanks to you all.

The Board continues to endorse the objectives set from previous years and the following were competition focus points this year;

- Supporting users of SLAM including the introduction of a SLAM users Facebook page
- Continuation of official courses and mentoring at state meetings to increase the quality and quantity of our officials
- Providing an equitable system for the allocation of tasks and officials at state meets
- Online registration for events

ONLINE REGISTRATIONS

This year saw us go fully online for all events. This has taken a lot of the work away from the Centres and put the onus back on the individuals to register.

Whilst this worked well for events such as our Centre Challenges and All State competitions, once we got to our multi event and State Individual Championships we had a few hiccups. These issues we are currently working through with Timing Solutions so we can have it available and able to meet our requirements by the time next season comes around. One thing we discovered with online registrations is that we may have to close the date for entries a bit earlier than we currently do. The reason, now the Centres rely on the Competition Director to come back with a list of athletes so they can get SLAM files and officials list back to the Competition Director in a timely manner. We may need to close entries a week earlier so Centres have enough time to get this together. This is certainly a discussion point in the competition review.

MENTORING

I would like to thank Ferdie Kroon, Paul Mommers and Roger Hosie who primarily mentored our new officials at state meets this season. I strongly encourage anyone that is a new official or even an old official that wants to brush up on some skills, to contact us leading into a state meet and we will organise a mentor for you. This is a fantastic opportunity to gain new skills and take back to your centre.

COMPETITION REVIEW

As I type this report we are currently undertaking a review of all things competition. Initially my plan was to have face to face meetings in the north and south with centres and get feedback and what works, what could be better and plans moving into the future. Unfortunately due to COVID-19 we were unable to have these meetings so a survey was sent out instead which I look forward to reporting on at conference.

Brett Gillow

Development Officers Report

LAPS

Last year 5542 students were visited across 27 schools with numerous extra visits to these schools across the state. I had the opportunity to gain more exposure for Little Athletics within school events across the state; attending and assisting carnivals in the South while also running activities at School Sport Expos in the North and North West. I must thank centres who sent me through school contact details or had someone attend sessions with me, it certainly played a part in a more successful effort in 2019 and I hope we can continue to support one another with this program moving forward.

COMMUNITY ACTIVITIES

I attended many community-based activities throughout the year. Perhaps the biggest one was Kid I Am which, along with Kaelene we were able to run activities for many children and also create a contact list of parents who visited our section throughout the day. I also attended Li-ve Tasmania School Holiday Programs to run sessions for children with various disabilities as well as the HAPPY program in Glenorchy which was aimed at occupying at risk children with sporting activities.

COACHING CLINICS/COME & TRY DAYS

We decided to change our Regional Coaching Clinics to Come and Try Days in an attempt to generate more outside interest. We had great numbers at each of the Come and Try Days and we are hoping to have another successful run at them this year.

We ran several coaching clinics throughout the season with the addition of what we're hoping to be an annual Under 14/15 multi-clinic which was a great addition to the clinic schedule.

The plan going ahead is to host some clinics during the beginning of the season and follow up clinics during the second half of the season.

THE FUTURE

With a lot of uncertainty at the moment, we must continue to plan and progress as if the season is going ahead through the organising of clinics, attending community events, hopefully, some school visits during term 3 and 4 and continuing to support each other so that we can get the most out of the upcoming season

COACHING CAMP REPORT

The 2020 Coaching Camp for U12 and U13 Athletes was once again held at Camp Banksia at Port Sorell from the 5th January to the 9th January.

We had 71 athletes attend camp.

There were two significant changes to camp this year with the introduction of an additional coaching event and the reduction of coaching event times. The introduction of the Sprints coaching event proved popular. The event changes worked extremely well and was well received by coaches

Athletes participated in 5 key coaching events of their choice, together with warm-ups twice a day, sprint drills, competition events, Hurdles, 100m Handicap and the Team Challenge.

Summary of Personal Bests achieved

100m	18
Hurdles	34
Field	95
Total	147

In relation to the hurdle event I have never seen in the last 25 years that not one athlete did not compete in this event.... A fantastic effort

Apart from the obvious athletic events, athletes participated in a hut competition and points were awarded (or lost) for such things as tidy huts, wearing hats in the dining room, behaviour, sports hall competition etc. The winning team received a voucher

Camp would not have been successful without parent and coach's participation. I wish to thank the following people for giving up their time to assist at Camp;

Brett Johnstone, Roger Hosie, Wim Vaessen, Brett Gillow, Josh Mason, Anna Davie, Mel Wilcox, Nigel Freestone, Marty Doyle, Stephen Ahern, Kaelene Crossingham. Paul Mommers, Matt Dixon, Fi Geappen, Angela Korotki, Jade Longstaff, Bernadette Morgan and Lauren Shaw. Thanks to Josh Mason for his work in allocating athletes to their coaching sessions, not an easy task

A special thanks to Brett Johnstone for his support

To Paula Brown who arranged collection and delivery of the line marker from the Devonport City Council, I thank you.

Thanks to Devonport Centre for the loan of their High Jump gear. South Launceston for their Discus Cage and Hobart Districts for some hurdles

Feedback from parents and athletes was extremely positive, and as usual we will take responses into consideration for future camps.

For those parents contemplating sending their child to the 2020 Camp, please send in the forms well before the closing date. Remember we need Coaches and Parents to ensure that our camps continue. It is a great 5 days, and extremely enjoyable by all. Apart from athletes making friends, parents also have a great time. (if you require a form, they will be on the website in August.)

Centres please ensure that new athletes receive the camp documentation as soon as possible, it was obvious once again that some Centres did not.

Garry House
Camp Convenor
